## **World Chocolate Master –**

## **China National Selection 2014**

## **FHC, November 12-13, Shanghai, China**

Perhaps the most important chocolate inspiration challenge in the world. Chef Roger competed against 10 other China candidates for the championship at the China round. This is the first time ever that Hong Kong achieved this result. In October 2015, Chef Roger will represent China and Asia in the World Final in Paris, France. During the intense 3-days of competition final, the 20 contestants will have to integrate the theme in everything they do: from the choice of ingredients for each pastry, dessert, chocolate to the looks they create for each item.
