WA OCEANAFEST, Perth, Australia, July 5-7, 2015

Hong Kong has been supporting this biennial competition for the last eight years. This time we have perhaps some of our best talents in the Team. It's not about putting a winning team, but more for the more senior members, instead of just mentoring and training the next generation chefs, to get excited, pump up their adrenalin and creative energy at a relax competition environment. The Team achieved Gold Medal. Congratulation to Thailand Team, New Zealand Team and Australia Team for their outstanding performance!
