Sunset Cruise, Hong Kong Harbour

It was the first time in over 6 years that HKCA had organized a boat trip for our members, so the anticipation was great and many of us looked forward to this relaxing trip, an evening cruise around the Victory harbor with night view and dine at Kowloon City Typhoon Shelter.

23 members including old members, new members, 3 former presidents and committee members join this occasion. Free flow of drinks with nicely prepared Thai menu, all in all its a wonderful experience and when it was shared with friends, colleagues and other members with the beautiful Hong Kong Island as our backdrop, it was a good break from the very busy schedule we all seemed to have – to take a moment to appreciate all this special city has to offer!

Thanks you Ricky for organizing this event, well done.
