President Francis and Anita joined the event alongside with many food industry players and chefs at Feast by Sims on July 16, 2019. The occasion was staged in a restaurant in CWB, a casual party where guests moved around to sample the many food products and beverages presented creativity by the Food Service Division of Sims and at the same time meeting old friends to have an enjoyable get-together.

At the Feast, we also witnessed the official announcement of Sims as the new Hong Kong & Macau Food Service distributor of Fonterra - Anchor Food Professionals.
